Skills and Experience

Web Development: • HTML • CSS • JavaScript • React.js • Mongo.db • Node.js

Leadership & Teamwork

- Honed time management skills by prioritizing daily workload and creating weekly schedule based on mission needs and manpower availability
- Led physical training sessions for section of ~30 fellow service members three times per week
- Learned to effectively train and empower Afghan counterparts to ensure sustainability of operations during drawdown of American forces in 2013

Tracking & Project Management

- Performed inventory analysis to ensure product availability while minimizing overstocked items
- Led inventory teams for 4 total stockpile inventories, verifying over 2,600 line items with 99% accuracy
- Verified accuracy, tracking, and filing of accountable digital documents as document controller for entire munitions stockpile at Barksdale Air Force Base
- Practiced strict adherence to procedures during daily operations, including verification of shipping documents and markings, serviceability inspections, and monitoring of hazardous inventory

Interpersonal & Technical Communication

- Cultivated multicultural communication skills by working with Afghan soldiers to verify deadlines and objectives were met, assuring combat readiness
- Responsible for creating detailed reports on inventory adjustments to account for discrepancies
- Provided updates to condition and history of munitions items in tracking database
